The effective warranty period starts from the earlier of

- (1) 4 months from the date the products are shipped from Hoymiles;
- (2) the installation date of the product;

-Warranty Transfer: The warranty applies to the original Hoymiles product purchaser, and is transferable only if the product remains installed in the original location. This warranty policy will apply only to Hoymiles products installed by a qualified professional. The warranty policy will be rendered invalid where Hoymiles products are sold second-hand through unlicensed

sales channels. To transfer warranty ownership, please send an authorization email from the previous owner containing their written consent to transfer the warranty, with verification of ownership (e.g., purchase invoice copy) to service@hoymiles.com.

If the dispute is not approved, the original warranty start date shall remain in effect.

*Claims without valid proof of purchase will not be processed.

*Final determination of warranty adjustment remains at Hoymiles's sole discretion.

-Compliance Verification Requirement

For installations outside the Designated Markets, warranty eligibility requires:

- a) Prior submission of official or qualified third-party certification documents proving compliance with local technical regulations and requirements; and
- b) Written confirmation from Hoymiles validating such certifications and the applicability of this limited warranty

If you are an end-user, please contact your installer in the first instance in case of any warranty issue. If you are an installer, please contact your distributor or Hoymiles partner in the first instance in case of any warranty issue. Hoymiles will work directly with the distributor or Hoymiles partner to replace a faulty product if it is deemed eligible under the terms of the Exchange Program. The warranty policy outlined in this document represents a product replacement warranty, and does not cover the costs of installation, commissioning and the costs associated with the distributor or Hoymiles partner dispatching its own technicians to the site. If the original installation company (for end-user) or distributor or Hoymiles partner (for installer) has ceased trading, please contact a qualified installer or distributor or Hoymiles partner to arrange an on-site service authorized by Hoymiles or Hoymiles technical engineer.

2. Warranty Applicability Limitations

3. Product Repair On-Site

If Hoymiles decides to repair the defective device on site (done by Hoymiles or a technical engineer authorized by Hoymiles), then Hoymiles will bear the material and labor costs incurred during the repair as well as the costs for removal and replacement of the part or replacement device. Any on-site service (such as when the distributor or Hoymiles partner dispatches its own technicians to repair the device) carried out without the prior written consent of Hoymiles shall result in Hoymiles being exempt from bearing the related costs.

Before dispatching its own technicians for on - site services, the distributor or Hoymiles partner shall obtain prior written authorization from Hoymiles technical personnel. If the distributor or Hoymiles partner fails to obtain such authorization, Hoymiles assumes no liability for costs incurred during unauthorized on-site services or for expenses related to the distributor or Hoymiles partner's retrieval of equipment determined to be non-faulty or replacement equipment not authorized by Hoymiles.

Costs that Hoymiles will not bear include but not limited to transportation, inspections, customs duties, costs to safely access devices installed on slanted rooftops, or lift equipment, travel or accommodation costs, the costs of the customer's own employees, and the costs of any third party that has not been authorized by Hoymiles.

If the Product is replaced or repaired under Warranty, the replacement or repaired product shall be covered for the longer of the following two periods:

6. Hoymiles Responsibility

Upon receipt of the required information listed in Section 4, and after attempts to correct the problem with the customer's assistance, Hoymiles will assign a unique RMA case number to the customer. This number shall be used in reference for all communications regarding the exchange. Following the receipt of the replacement product, customer shall return the allegedly faulty product in the same packaging material as the replacement product if required by Hoymiles. In the event of an equipment failure or fault, it is the responsibility of the distributor or Hoymiles partner to work directly with the Hoymiles Technical Service Center in order to avoid the return of non-faulty equipment. The Hoymiles Technical Service Center will work with the distributor or Hoymiles partner to address the fault or fault message through telephone/online support. The distributor or Hoymiles partner shall collaborate with qualified installer to carry out the installation, commissioning and maintenance of the device. All such work must strictly adhere to the specifications provided by Hoymiles Technical Service Center and refrain from replacing or exchanging the equipment for customers without authorization from Hoymiles.

Note: To qualify for a further replacement unit, the distributor or Hoymiles partner must first contact the Hoymiles Technical Service Center and fulfill the distributor or Hoymiles partner's responsibilities under Section 7 of this document. A qualified installer must be present for the product exchange and re-commissioning.

During inspection by Hoymiles, if the allegedly faulty product is found to be ineligible for exchange under this policy, the distributor or Hoymiles partner must provide proof of a valid warranty for the product, a correctly issued receipt, and a valid RMA case number for the product (as provided by the Hoymiles Technical Service Center). In all instances, the installer is obliged to send the required defective products back to the distributor or Hoymiles partner. The distributor or Hoymiles partner shall then coordinate with Hoymiles Technical Service Center to determine whether the faulty equipment requires returns to Hoymiles designated warehouse.

Additionally, if Hoymiles distributor or Hoymiles partner has to perform software updates or local special grid-profile protection documents upgrades through on-site services, due to failure of equipping with Hoymiles DTU (gateway) or other authorized DTU (gateway) by Hoymiles enabling remote upgrade, then the associated costs arising therefrom (including but not limited to labor, transportation, third-party services, etc.) shall be solely borne by the distributor or Hoymiles partner.

8. Inspection Charge for Products Not Found Defective or not Eligible for Warranty

If an allegedly faulty product is returned to Hoymiles pursuant to this Policy, and is found by Hoymiles to be free of defects that would qualify it for replacement under this policy, or if the limitation of liability is applicable as stated in Section 2, or if any other circumstances render this Limited Warranty not applicable, then Hoymiles reserves the right to apply a flat-rate inspection charge of EUR 100 (in Europe) per unit, plus shipping and packaging costs.

9. Product Replacement Procedure

- a. Hoymiles must be provided with the relevant documentation as shown in Section 4. This procedure must be followed by a warranty claim to be applicable under this Exchange Program.

As outlined in Section 7, the distributor or Hoymiles partner shall contact the Hoymiles Technical Service Center to see if there is a solution other than replacement.
- c. If the product is deemed faulty and is eligible for the Exchange Program, Hoymiles will create an RMA case number for the product and inform the distributor or Hoymiles partner.
- d. The product will be shipped to the specified customer or distributor or Hoymiles partner location at Hoymiles' cost.
- e. The distributor or Hoymiles partner is required to arrange for the installation of the replacement product by qualified installer and use the packaging to repack the faulty product.
- f. For a faulty product that is required to be returned by Hoymiles, Hoymiles will cover the costs of collection and shipment as detailed in Section 6, and the purchaser shall bear any applicable value added tax. The customer or distributor or Hoymiles partner shall assist with the shipping process. If the required faulty product is not returned within 25 working

days from receiving the replacement product, Hoymiles reserves the right to invoice the relevant distributor or Hoymiles partner for the cost of the product.

g. Should a faulty product required to be returned to Hoymiles be missing, Hoymiles reserves the right to charge the relevant installer/distributor or Hoymiles partner a fee equal to 80% of the product's original purchase price, as documented on the original invoice.

10. Warranty Extension

11. Consumer Laws

If customers purchase the product from an Authorized dealer, distributor or Hoymiles partner, or retailer, the Local Consumer Law applies.
